

EJSO—European Journal of Surgical Oncology

the Journal of Cancer Surgery

Aims and Scope

The *EJSO* aims to advance surgical oncology research and practice through the publication of original research articles, review articles, editorials, debates and correspondence.

The Editors welcome submissions on clinical research and all other aspects of surgical oncology which advance the care of patients with cancer, including surgical quality control, epidemiology, preventative aspects of surgical oncology, as well as translational research relevant to surgical oncology practice.
